

## Homefield School Thursday Cycle Club Website general information

Dear parents and pupils,

### Thursday Cycle Club information sheet

The club will run every Thursday (when booked) rain or shine, 4 to 5pm, the cost is currently £8 per pupil, per session, but can only be booked on a whole term/course basis.

Do remember that whilst the courses are booked into the spring, summer and autumn terms, please can the boys always come prepared for sun, rain, wind, and hail.....so do send your son equipped for the very best, or worst weather.

The club is open to ***all boys of any ability***. Once I have an idea of demand and ability, I will make a decision as to what type of activities to run, and the type of skills to teach, tailored to the boy's needs, such as learn to ride, cycling proficiency or advanced skills. I would be grateful if you could email me as soon as possible with an expression of interest and any questions you might have.

As usual I will endeavor to provide bikes suitable for everyone's size and ability. If your child has their own cycle helmet, I would be grateful if he could bring it with him.

Cheque's payable to T M Lenthall as usual, and I attach the usual (very important!) personal information, application and registration form. Please can I also encourage prompt collection of pupils at 5pm, especially when the weather and light deteriorate.

Cycling courses at all levels, from beginner to advanced are available for both adults and pupils at the weekends so if interested please do get in touch via my email address.

Kind regards,

Trevor Lenthall, Cycling Tuition
