

STEAM STAR EXPLORERS (brought to you by TechyTots) – After School Club
Thursday's 3.45 - 4.45 (Reception, Year 1 & Year 2)

TechyTots is proud to bring back our popular after-school club: STEAM Star Explorers! Created by the award-winning team behind TechyTots, this exciting club is designed for curious minds in Reception to Year 2. Each session offers a fun and engaging way for children to explore the fascinating world of STEAM—Science, Technology, Engineering, Art, and Maths—while still incorporating the coding skills they know and love, using our TechyTots robots.

With a fresh variety of activities every week, children will continue to build their creativity, problem-solving, and teamwork skills, all while having fun with science experiments, creative projects, building challenges, and, of course, coding!

Our play-based approach ensures children not only have fun but also develop key skills like critical thinking and collaboration, preparing them for a bright future in a rapidly changing world. With a new focus each week, there's always something fresh and exciting to look forward to!

The club will be running on:

Thursdays, 3.45 - 4.45, 18th September - 4th December
(No Class Half Term) 10 weeks = £120

A limited number of spaces are available, and they will be offered on a first-come, first-served basis.

To book your child's space, please click the link below.
